## GET A MINER'S VIEW!

Throw on a hi-vis vest and safety glasses.  
Be visitor inducted to the KCGM Super Pit  
and view mining and milling operations from  
the safety of the air-conditioned Tour Bus.

**BE AMAZED... BE AMAZED...**  
...by the size of the machinery (CAT 793 haul trucks) and watch a Komatsu PC 8000 face shovel in action. Enjoy the panoramic views from the internal viewing platforms that are accessible only on the tour.

## HEAR THE FACTS

See the old miner's workings with old shafts visible in the Super Pit walls and gain an understanding of the ore processing as we drive through the Fimiston Milling Plant.\*

**DID YOU KNOW...**  
...approximately 800,000 ounces of gold a year are produced from the Fimiston Open Pit (Super Pit) and the underground operation at Mount Charlotte? That's a lot of gold!

## IMPORTANT TOUR INFO!

1.5 hour - Open Pit Operations \*(subject to availability)  
2.5 hour - Open Pit & Milling Operations

All tour participants **MUST** ensure that enclosed shoes (no high heels), a long sleeve shirt and long pants are worn. Other personal protection equipment will be supplied. Participants must also have a **ZERO** alcohol limit and may be subjected to random alcohol breath testing.
